instructions for the viewer

visit the landmark pictured in the link above. look for a bit of trash on the asphalt in the general area and stare at it while simultaneously focusing on the ambient sounds occurring. after a few moments to minutes of taking this experience in, text 512-699-8168 with a description of the trash and sounds.

you will receive a text and/or call no more than 10 minutes after you text me your descriptions of the trash and sounds.

please wait at the site for my text and/or call to complete the work.

make sure to bring ear buds.

if there is no trash on the street to focus on when you visit, consider the work destroyed.
